OOPS, I lost track of time. We could do later this afternoon if that's better. Sorry about that.

Doug,

John Cima, Mike Winters, and I discussed possible alternatives for eliminating the stop-log seepage at Possum Point's Ash Pond C decant structure this morning. Could you spare a few minutes to meet with us and discuss the driver, urgency, and limitations on this? Dave Craymer is welcome to join if desired.

Thank you,

Carter
